FOR IMMEDIATE RELEASE

Traverse City.

WHAT: Shoulder work to remove the high ridges of built-up materials.
WHERE: Hammond Road. Beginning at LaFranier and going easterly to Three Mile Road. Then, westerly from Three Mile Road back to LaFranier Road.
WHEN: Tuesday, June 9, 2015 beginning at approximately 7:30 A.M.
WHY: Removal of the high-ridge material will allow water to drain properly and reduce the risk of water and ice build-up.
IMPACT TO TRAFFIC: Motorists will need to “shift” their travel lane to the inside lane. This will allow crews using equipment to remove the material from the shoulder and load it into trucks for disposal.

Traffic fines are doubled in work areas. Motorists are asked to slow down and give our road workers a brake!

###

Our mission is to upgrade and maintain a safe and efficient road system.
