**SENIOR CENTER NETWORK SHARES MILLAGE MONEY
WITH LONG LAKER'S SENIOR GROUP**

TRAVERSE CITY: – Under Special Order of Business, Chairman of the Commission on Aging Board of Directors Rodetta Harrand, presented a check to the Long Lakers Senior Group.

The Long Laker's Senior Group offers programming in Long Lake Township for local residents 60 and older.

The Grand Traverse County Commission on Aging Board of Directors approved the distribution of funds from the Senior Center Network millage to the Long Laker's Senior Group for 2016.

“The Senior Center Network has enjoyed a long time relationship with the seniors of Long Lake township,” said Manager, Lori Wells. “Having activities close to home for these seniors is important and I’m glad we can support it,” said Wells.

The Grand Traverse County Senior Center Network activities are funded by a small operational millage of 0.1 mills voted by county taxpayers every six years, and will be on the primary ballot this August.
